## Exhibit A

To Steven

I simply can't sit here and bite my tongue anymore and have to put down in writing how I feel. Basically as regards the house even you in your mixed up mind must realise at the end of this period the house is being sold!!! there's nothing 100% in this world but I can assure you this is!!!!!! I find it astounding that since our parents have passed its all about you, what about me? You do realise that our dad put that 10 year clause in to protect himself from being kicked out homeless. This is BOTH our birthright not just yours, it seems like you are living the dream No mortgage and No real work as well, what a hard life you lead even though in your mind you are hard done by and the world owes you a favour (POOR STEVEN). You are sitting there spending most of your days plodding around doing the bare minimum making your mind worse [REDACTED] and youtube (our parents would be ashamed). I understand your not paying the council tax and I have contacted the solicitor about this and she tells me this is grounds for me to take you to court as the clause (dads wishes) have been broken and your not endearing to the will. Due to the fact that even at this early stage you are flouting the rules and have no prospects of permanent income ABSOLUTE NO CHANCE OF GETTING A MORTGAGE don't you think the smart way is to sell the house now when its in a reasonable state giving you also a good chance of buying outright a little place or leave it and in 7 years or so it will be sold probably losing £50,000 of its price and leaving you struggling only to pay rent for a few years, to me its a no brainer you just need to open your eyes early for once. I honestly think you are there in a dream world thinking the fairies at the end of this period will deliver a miracle and grant you the house or payment or that I will simply just let you stay there (THINK AGAIN) it's time to have a few days off of the shit and try to think straight. Please remember its 50% my house as well as including 50% the possessions in which some were promised by mum to myself and [REDACTED] (jewellery) that means I can come round at any stage uninvited even though i'm not that keen to be hit by that drug den smell stinking out the house. Now I have put something in writing meaning you are fully aware of my intentions I ask you to consider my idea of selling now as it's the smart way to go even though your meal ticket of rent free living in a already furnished home will be jeopardised its the only way of guaranteeing a solid start for you going forward and something for me for once. You MUST start thinking before its too late you hold the cards in both us moving on (and that is not fair and dad wouldn't and shouldn't not have done it if he had forsite he did/nt do it so you could have 10 years of sitting on your arse, it was done to protect himself and to give you a shove) and you need to reply with a logical and sane manner not ranting, quoting shit as if you do it proves you are selfish and don't give a shit about me and if so I will consider going down the legal route myself which I am assured will play out in my favour along with telling everybody the way you are carrying on.

I am afraid [REDACTED] you are totally lost in the source and your are deluded, Your comments are like speaking to a child who has NO IDEA WHAT IS REALLY GOING ON.

Our parents WERE MURDERED and you are stupid enough to not look at anything I have told you.

Cancer is a MAN MADE DISEASE and it is in all the FLU JABS, fluoride in the drinking water causes CANCER all BY DESIGN DELIBERATELY.  
1939 they made a Act or so called LAW that anyone states they have a cure for CANCER is put in prison.  
The UN have a DEPOPULATION PROGRAM called Agenda 21 and Agenda 2030 to cull the population.  
Why make laws up to stop people curing a man made disease in the first place.  
CANNABIS IS A CURE FOR CANCER I know let make that illegal as well DO YOU NOT SEE THE PATTERN??????????????

I saw my Dad lying on his back in hopsital while I was distracted talking to a doctor in another room THEY PUNCTURED HIS ANURISM THERE WAS A MASSIVE POOL OF BLOOD ON THE FLOOR and being in shock I should have took a sample but I could not believe what was going on.

All part of the depopulation program and your atatching the wrong person because you are deceived and you totally pathetic excuse is "I DONT BELIEVE IN CONSPIRACY THEORY'S" that is a real grown up attitude and argument. EXACTLY THE REASON WE ARE IN THE SHIT.

Why would I get a mortgage? I am suing Santander, DVLA, HMRC, Inland Revenue, Blaby District Council and Bristow and Sutors all for Millions  
and I WILL GET IT. Why because I have studied the law and found we are BEING RIPPED OFF BY ALL THE CORPORATIONS and they all have had a Commercial Lien put on their personal and private property.

As I have already told [REDACTED] YOUR MORTGAGE IS ALREADY PAID OFF, JUST THE SAME AS YOUR CAR AND Al's new van ALL PAID OFF.

But like everything else you will ignore it this is the same as Santander and the rest they ignored it but when you understand how powerful a commercial lien is and once activated it is unstoppable then you will realise it is a matter of time before I collect the money, oh and also paypal.

These have made everyone A SLAVE to the corporations by the registration of the BIRTH CERTIFICATE.

NO YOU DO NOT GET TO COME UNINVITED AT ALL, Regardless of you having equal share in the house it is my home and you do not get to come uninvited you seem to think your in charge here and I will not tolerate that I AM ASHAMED OF YOUR ATTITUDE [REDACTED] Making out your so clever and up to date with all current events and feel sorry for Steven attitude grow up [REDACTED] and WAKE THE F\*\*\* UP.  
When you register ANYTHING your CAR, your HOUSE, your VAN and most importantly YOUR CHILDREN you are GIVING AWAY OWNERSHIP of that item your are registering, So you or I do NOT OWN ANYTHING. If you think you are free you are again deluded.

If and when you both see all of this you WILL BE EATING APPLE PIE FOR THE REST OF YOUR LIFE..

REMEMBER IT IS ALL YOUR DOING FOR NOT LOOKING AT WHAT I HAVE TOLD YOU TO LOOK AT I HAVE DONE EVERYTHING I CAN TO MAKE YOU SEE REALITY AND FOR EXACTLY WHAT IT'S ALL FOR YOU.

IT IS REALLY THAT HARD TO BELIEVE WE HAVE BEEN HAD OFF BY THESE CORRUPT CORPORATIONS?? IS IT??

Next time you reply do not bother if you can not be bothered to do some proper research in to what you are wanting, I have done all of this to wake you up and of course pay half this house off.

So your plan is to half empty the house of your 50% share, what exactly is that? Shall I start emptying the cupboards and dividing all the plates and cutlery in half?

You seriously need to wake up.

If you do not look into things now I WILL BE TOTALLY PISSED OFF WITH YOU DO I MAKE MYSELF CLEAR, YOU ARE THE PROBLEM WAKE THE F UP FFS.
